Proverbs 9:10 The fear of the Lord is the beginning of wisdom,
and the knowledge of the Holy One is insight.

Ministry on the boardwalk this summer in Ocean City was incredible with this group. It was made up of teens that I had lead in years past and new teens that I was leading for the first time. God used them to reach many people with the Gospel this summer.

MISSION POSSIBLE ONE 2018

The first three weeks of ministry occurred in Washington D.C., Baltimore Maryland, and Western Pa. We did a variety of ministry, which included holding two clubs, one in Baltimore and one in Pennsylvania at Willowbrook

trailer park, preaching to adults on the streets of Pittsburgh, and handing out tracts at the Pirates' game.

THANK YOU TO ALL!

To all of you who have supported us over the last ten years either financially or through prayer, without your involvement, the ministry that we are doing in Western PA would not be able to occur. Our current level of support has dropped to around 40% due to the fact that we lost some of our supporters over the last year. Our goal is to get to 75% support over the next 12 months. This would make it possible for us to continue and increase our ministry to more campuses and start new kids clubs. If you are able to invest in the ministry with a monthly pledge, that would be a step to helping us reach this goal. You can do that by going to the website at www.oacusa.org to set up a monthly donation online or send your monthly support to **Open Air Campaigners, P.O. Box D, Nazareth, PA 18064** and note for Zane & Laurie Dempsie.

Daily prayer request: **Monday**- PSU students
Tuesday- My family **Wednesday**- Increase in support/supporters **Thursday**- IUP students **Friday**- Salvation of lost **Saturday**- Mission Possible program **Sunday**- Pray for your Pastor
