Eric Briscoe - USA

STAFF MAN ERIC BRISCOE lives and ministers in the Boston area. He does a great deal of travel and is able to minister in many different locations in the open air around the country. During this past year's outreach in Miami, he was able to lead a team of Liberty University students. God provides divine appointments on a regular basis and on a Wednesday night during the outreach, one of these divine appointments took place. A man named Luis was walking by the meeting location where Eric and the team had set up and were presenting gospel presentations on the sketchboard. Luis noticed the team setting up and decided to stay to watch. He later told Eric that he only stopped because he was an artist and was curious about what they were going to do on the sketchboard. He was an agnostic and didn't know what was out there, but he doubted it was the God of the Bible because of his past. After the presentation, Eric and a team member talked to him for a long while. At first, it was just Eric answering questions about what he believes and how Christianity works. But it slowly turned to his own life and by the end, Luis seemed to truly understand the Gospel. When Eric asked him if he believed what had been talked about, he indicated that he did. It is interesting that Eric learned that the only reason Luis was on the street that night was because he "happened" to lock his keys in his apartment and was waiting for his roommate to show up to let him in. This gave him the perfect opportunity to be there during our gospel presentation. An appointment made possible by the God we serve!

Chip Welton - Canada

STAFF MAN CHIP WELTON lives and ministers in Canada conducting open-air ministry. He often travels to many different locations around the world to minister in the open air, as well. He reports that one does not have to travel to the ends of the earth to find people in spiritual darkness. The person across the street, if lost, has as great a need as any unsaved person anywhere. He recently spoke to a teenaged boy during an after-school outreach in Calgary. This boy knew zero about the Bible, salvation or heaven. Chip asked what happens when we die, and the boy replied that we go back into the elements. It was Chip's joy to talk to him, as he was like a sponge soaking it all in. May he come to know and embrace the truth!
