

JANUARY 2021

John & Sue Cutlip Update

Open Air Campaigners - Central Services

OAC ♦ PO Box D ♦ Nazareth, PA 18064

God has been taking good care of us since the big fire! People from every direction have been reaching out to help us recover and we are grateful. It's so wonderful to be at the receiving end of God's love and concern through His people. It's interesting that He is even using strangers to reach out to us; we stand amazed and blessed.

God has opened the door and provided all the funds needed to purchase a replacement home just up the road from our 812 Bangor Road property. It has room for all of our OAC office and related open-air supplies inventory and is only two miles from OAC co-workers Mike and Renae Bussen. Lord willing, we close on January 27, but we'll take our time moving in as the temporary housing we currently enjoy is perfect and available to us for as long as we need. So, we plan on a slow, leisurely, no stress move into the new place.

MARYLAND

Meanwhile, the OAC ministry continues on. As is the case with almost everyone else in the world, COVID has caused our staff to take some creative steps in reaching out to the lost in the open air. We find people these days are desperate for answers and what a joy it is to be able to share the Lord with them. He is the ultimate answer and a solid

CONGO

TEXAS

foundation in this world of instability and ever-changing chaos. In **Maryland**, our OAC staff are able to conduct meetings in the greater Baltimore area and find many people eager to talk about spiritual matters for extended periods of time. In **Texas**, our staff have been actively working with the homeless ministry,

BRAZIL

MICHIGAN

distributing gospel tracts and conducting open-air meetings. In **Michigan**, outreach at Central Michigan and other universities offer great opportunities to share Christ one-on-one and in small groups. In **California**, an outreach on Redondo pier in the Los Angeles area was blessed by God when 30 people expressed repentance and faith in the Lord this past fall!

CALIFORNIA

We are happy to report that our OAC staff in other countries are also experiencing open doors in between lockdowns. In the **Democratic Republic of the Congo**, our staff can resume using the blacklight unit on their sketchboard for evening meeting while the JESUS film is paused. Assemblies in this country have also started back up in the schools. In **Brazil**, the Good News of salvation is taking place in multiple venues, including the Drug Rehabilitation Center pictured above.

Thank you, again, for praying and giving so we can continue on. We appreciate and need your help in this way.
