OCTOBER 2021

NEW OFFICE UPDATE

We have moved into our new office here in the Bangor, Pennsylvania area. God has provided abundantly by giving us ample room for all our open-air supplies, office space and general inventory needs. Our new location has increased square footage and additional parking space over the old location which is perfect; we are grateful.

ENCOURAGING TESTIMONY

An important part of our ministry is providing supplies for our staff, those we train and others who feel called to share Christ out in the open air. We recently received the following encouraging note: “... *I'm the Young Adults Pastor ... I have purchased a couple of your products in order to go evangelizing with our Young Adults Ministry. I simply want to say thank you because they are very effective for creating conversation with people and providing an opportunity to preach the Gospel. To be able to see some of the Young Adults who I've been shepherding stepping out into the front lines of evangelism is a joy to see, and the tools you provide played a big part in that. So again, I want to thank Open Air Campaigners for their service to the church.*”

THANK YOU, AGAIN, for praying and giving so we can continue on. We appreciate and need your help in this way.

Opportunities continue to share Christ in the open air using Mr. C science presentations.
