EVANGELISM NEWS

February 2022

We dedicate this prayer letter to Mrs. Louise Bailey, a godly saint who as she got up in years wanted to help us in any way possible. She continued to pray for us as long as she could before Alzheimer's claimed her mind and eventually her life and she also decided to save all of the quarters she could to help us with our ministry parking expenses. We are eternally grateful for her faithfulness to God.

Welcome to 2022! We don't know about your year but ours went by super-fast! We preached and shared the gospel at various locations and to many different types of people from all walks of life. This is one reason we love public ministry, the diversity of those we talk to.

In 2021 we shared the **gospel of grace** with Muslims, Jehovah's Witnesses, Mormons, Catholics, Hindus, Buddhists, New Age, Jews and believers in the Occult. We also had standard run of the mill professing agnostics and atheists. Most of the people we talk to are syncretistic in their spiritual beliefs; that is to say, they incorporate various beliefs from many different religions and create their own unique distorted belief system which is best suited for their desires and create a god who is agreeable with their favorite brand of sin.

Unfortunately, this includes a lot of professing Christians whose numbers appear to be increasing. **Sadly**, it seems that they have fallen into the trap that Paul warned the Corinthian church to avoid. They have been **deceived** by Satan and their minds have been corrupted from **the simplicity that is in Christ** and listened to those who preach a different gospel and a different Jesus! **2 Cor. 11:3-4**. This is even prominent in some of our **most prestigious Christian colleges and Seminaries. They are deceived and will deceive others.**

That is our **motivation** to go out to the public square; that is where the lost, deceived and confused people live, work and play. We share the love, mercy and grace of God but also His holiness, righteousness and judgment and warn them of the **terrible truth of His coming wrath**. People are interested in why all of the crazy stuff is going on in the world and wonder if we are nearing the end? We give them the Biblical perspective on these issues and tell them of the **urgency** to repent and believe in Christ for their salvation.

We humbly express our **GRATITUDE** to all of you who have prayed, supported, and encouraged us in 2021. We pray that you'll continue to partner with us in 2022. Together we'll do all we can to bring the Light of the World, Jesus Christ, into the darkness that is so pervasive in our culture. We can't adequately express how **THANKFUL** we are to you. It means so much to us and we believe that it means much to our God as well! Please observe and enjoy some of the **fruits of your partnership!**

Linda Pool and I are sharing with two young men who had just been released from prison and they ended up on the wrong bus. So they decided to look around Dallas while they were waiting for the right bus. Guess God wanted them to hear the gospel!

Two ladies reading a tract we just handed them at the Dallas Christmas Parade.

Rick, shared the chemical cross to illustrate the gospel at a Halloween outreach.

Dovie and I demonstrated the sketchboard and some object lessons to AWANA teachers at two of their annual conferences.

Frank Baldus came from OAC Los Angeles to hang out with us and do ministry. It's always good to be around like minded people and learn from others. Here he preaches to the homeless population at Beautiful Feet Ministries in Ft. Worth. We had fun all week.
