Dear friends,

This summer, we did a week long VBS at a little church in Atalissa, Iowa. Had many kids from the town that did not attend the church and most of them said they did not have Bibles and never heard of Jesus. Steve preached that Sunday with many of the kids and their families attending.

Connie is busy doing kids programs with several churches, VBS's in the summer, spiritual mentoring for women coming out of addictions, speaking at women's retreats, and leading Quest for Christ programs in public schools.

Steve did monthly messages at the local mens shelter here in the QC's. He also did a solo trip out to Colorado and had outreaches at Fort Lewis College and Cortez High. This fall there have been many outreaches in local colleges and high schools here in the Quad City area and the University of Iowa. It seems there is much interest in Christ and how to be saved, PTL. He also goes to the Planned Parenthood Clinic in Iowa city to plead for the lives of the preborn.

We have gone to many parades and festivals this year. We have handed out thousands of tracts, gave out bibles and shared the Gospel many times. Steve also attended the Pella Tulip Festival and joined a local church there for an outreach with evangelists from all around the region.

We did a sketch board training for a ministry from Ames, Iowa. And we trained our church in gospel 'tricks' for upcoming trick or treaters this Halloween

Thank you for your prayers and financial support.

Steve and Connie Johnson

VBS in Atalissa

Preaching at Christian Care with a sketchboard

At the University of Iowa

At a local parade in Coal Valley Illinois

Augustana College in Rock Island, IL

At the Pella Iowa Tulip Festival

Handing out tracts and presenting the gospel at a local High School
