## Update on the Ministry

2024 has started off with a lot of great ministry! The Lord has opened the door for preaching, evangelism training, school chapels, and more! We are excited at all the Lord is doing and hope this update encourages you in this ministry that you are a part of! Here at the beginning of 2024 our family is at 81% of our yearly funding goal. The Lord has blessed us and provided for our needs in ways we could not have expected. Here are some prayer requests we have going forward:

1. Pray for the last 19% of our support to be raised.
2. That Tasia and I would grow to love the Lord even more and raise our kids to do the same.
3. For continued growth in faithfulness to the Lord in our lives, ministry, and family.
4. That those who hear the gospel would respond in faith and repentance.

## The Gospel Going Forth

This year I had a wonderful conversation about the gospel with a man named Jeff. We were doing an outreach in Ellicott City, and I was holding a sign that said, "Jesus is Lord." A man and his wife came by, and I struck up a conversation with them. He asked me many questions about the gospel regarding forgiveness of sins, atonement, consequences, etc. We talked for a while, and I finally asked him what he believed. He said he was Jewish! Jeff told me he had many friends who were Christians, and yet he had never heard the gospel really articulated before. I told him the message, told him I prayed he would repent and trust in Jesus, and that one day we would stand together, dwelling in the house of the Lord together forever with Jesus our great God. He told me, our conversation made his day and that maybe one day he would trust in Christ. Pray for Jeff and others like him who hear the gospel through this ministry, that they would turn and trust in Jesus!

## Tracts

My dad and I have been able to distribute over 2500 tracts to people on our outreaches so far this year. We are excited to see how many more we can hand out, including our new Spanish tract which is a translation of our “The Good News” tract.

## Proclamation

In 2024 so far, we have been able to share the gospel to nearly 800 people through conversations, preaching, or in speaking engagements. Pray for those who hear to respond and trust in the Lord by His sovereign grace.

## Outreaches

So far this year we have been able to hold 53 outreaches in different cities. We have regular cities we go to and a rotation of more distant cities as well. Praise the Lord for many who have heard the gospel.

## Training

So far this year we have already held two evangelism trainings with multiple more trainings in the works. I have had the privilege of preaching twice in different churches as well. Praise the Lord for the Word going forth!
