

Stephen and Connie Johnson Update

June 2024

scjohnson99@protonmail.com

Evangelists with Wildwood Church in East Moline, Illinois and Open Air Campaigners USA.

Greetings! It has been a wild and wonderful year so far of evangelism. Sharing the good news of the gospel is a great privilege and it is all to the glory of God. Romans 1:16.

FLORIDA

We partnered with a church in Tarpon Springs to do some door to door evangelism. It was such a blessing. Many prayers with the folks and bibles and tracts went out.

Also handed out many tracts at parades in town and talked to the locals and tourists about what it takes to go to heaven.

IOWA/ILLINOIS/MISSOURI Campus Ministry

Getting back to the Midwest, we have been super busy with college campus outreaches. Blackhawk College and Augustana College in the Quad Cities are great places to interact with the students. Steve is also an advisor to Intervarsity at Blackhawk College. Below are pictures of some church members from Wildwood church at a gospel outreach table at Blackhawk.

Steve also did a college tour this spring at St Louis University, U of Missouri, and Southern Illinois Edwardsville.

PARADES and FESTIVALS

We really like a booth ministry at festivals and events. Parades are great for handing out tracts and getting into gospel conversations.

COLORADO

We visited our former church in Colorado Springs last fall. Did an outreach with them for the Labor Day Hot Air Balloon Festival in town. Also visited a ministry in Durango and did outreaches at Fort Lewis College.

VBS

Our church in East Moline had a VBS program this year with close to 250 kids in attendance. Connie did a gospel sketchboard to all the kids. A mission group from Missouri came to join with us. We did a half day evangelism training and did a neighborhood VBS with them and also went to the local MLB stadium to hand out tracts and engage in conversations.
