James 4:14 speaks of life as a vapor, reminding us that our life on earth is short. My open-air co-workers often send reports that emphasize this reality. The Democratic Republic of the Congo (DRC or DR Congo) was formerly known as Zaire. The median age in this country is around 18 years due to war and disease, so we must reach the youth while there is time. Our director, Fred, was born in the Congo and has a heart for evangelism. God has opened the

door for Fred and his staff to minister in public elementary and high schools. At one place, they combine both schools to give us 1000 students! The interest and attention are tremendous, as well as the response to Christ as Savior. Fred and his team conduct school assemblies using the sketchboard. Each student and teacher is given a Chick tract explaining salvation in French. Headmasters are constantly asking Fred to return.

Again, thank you for being part of our support team as we "Present Christ By All Means Everywhere."
