Stephen and Connie Johnson
Evangelists with Open Air
Campaigners USA

It has been quite a year of ministry. Last July we joined with OAC to teach people from all around the country in Baltimore MD in evangelism training and how to paint up a gospel sketch board. We took the group to churches, housing projects, and downtown Baltimore and Silver Springs.

Since then we joined with Youth Hope in the Quad Cities to do gospel messages at Camp Summit. We joined with the Sugar Shack outreach center in the west end of Davenport to present gospel sketch boards to the many people attending. Steve joined with a local church to get into the Rock Island County jail to disciple and proclaim the gospel. Steve also joined with a church in Cedar Rapids for a gospel outreach at the huge farmers market downtown also we did regular outreaches at local colleges here and had over a 100 bibles distributed. Steve also is now doing church services at local senior centers.

Steve did a 3 week tour in Colorado joining with 5 churches to proclaim the gospel in colleges, downtowns, and local festivals. Steve also did sketchboard training for a pastor and the church while there.

We also did a 3 week mission trip to Ecuador. While there we joined with the International Director of OAC in visiting many schools and also did regular outreaches in the parks and downtown Cuenca.

Steve has also now serves on the board of directors of a local men's shelter called Christian Care, where he regularly does chapel messages.

Because our ministry is mostly outdoors, we spent the winter in Florida. While there we joined with a church that does door to door visits. We also visited local colleges and did outreaches at events. We joined with others at the Planned Parenthood clinics to proclaim the gospel and plead for the lives of the preborn babies.

Prayers please for our health. For open doors. For many to be saved to the glory of God.
